Chemeketa Community College grants college credit on the basis of satisfactory grades received on Willamette Promise courses. In most cases, credit will only be awarded based on a grade of C or higher unless the student is seeking a degree or certificate that allows a D grade.

Willamette Promise credit is recorded as a "PB" on student transcripts. The following are Chemeketa course equivalencies for Willamette Promise course offerings:

All institutions have different transfer credit guidelines for accepting courses. If you plan to transfer your Willamette Promise credits to another institution, you will want to contact them for information about how they will accept the courses. Students transferring Willamette Promise credits to another college will have to submit an official Western Oregon University transcript directly to the college to which they plan to transfer.

Students, upon submitting an application for admission and being admitted to Chemeketa, should submit their official Willamette Promise transcript from Western Oregon University to the office of Graduation Services.
